

Holiday Drive Program

Thank you so much for participating in our Holiday Drive Program!

Your generosity brings smiles, hope, and joy during the holiday season.

Attached, you will find a sheet of wish lists from our clients. Each client is identified by a client number, first name, gender, and age. It is important that all gifts are returned unwrapped, and that the client number is marked somewhere on the gift. To protect the confidentiality of our clients, the assigned number is the only way to identify which client will receive a particular gift.

Each client wish list contains several items to give donors variety and choice. Please note that Deirdre's House asks each client to provide us with their "wish" list. This means that, at times, clients may request items that are hard to find or quite expensive. We do not discourage this, as we often have donors interested in finding such items. However, we also encourage clients to include more "realistic" items that are affordable and easy to locate. You may also find that some clients request household appliances or gift cards, as practical items may be their holiday wish.

As we know, child abuse not only impacts the child victim but also affects the entire family emotionally, physically, and financially. Our clients range in age from infants to young adults up to age 21. Abuse does not discriminate by age. Deirdre's House takes pride in never turning away clients who need the critical services and support we provide. Unlike most programs, Deirdre's House does not limit services by time, giving clients the opportunity to navigate the impact of trauma throughout their developmental stages and life experiences. This means many clients begin services with us at the age of 5 and continue their involvement until they are in college or beyond. Not only do we serve child victims of abuse, but we also provide counseling, crisis intervention, and support to non-offending caregivers and siblings who have been equally impacted by the abuse.

If there are items that are not chosen or received, that is not a problem. We always ensure that each client receives something, so please do not feel obligated to fulfill the entire list. Deirdre's House and our clients appreciate anything our donors are able to give!
